**KNOXVILLE,
ILLINOIS
FAIRGROUNDS**

TUESDAY, MARCH 10, 1959

Quite a bull, isn't he? Pictured above is Louada Fearless, herd sire at The Hickories, Pardeeville, Wisconsin. Three of his sons sell in this sale.

He's typical of the great herd sires that head the herds of the consignors to this sale. Herd sires like him provide just one of the many factors that make The Sale of Satisfied Buyers different from other sales.

We don't make fancy claims about this sale. Not all of the cattle will win grand championships. What we do claim is that here you will find bulls good enough to solve herd bull problems for top purebred herds . . . and bulls that will suit the most critical commercial cattlemen. Entire good herds have been founded solely with female purchases made in this sale.

Nearly \$1,000,000 in purchases over a 25 year period back up the name "Sale of Satisfied Buyers".

General Information

LOCATION—The Knoxville, Illinois **fairgrounds**. There is a large, well lighted, completely enclosed show barn which will be used for the sale, and heat can be supplied if necessary. There is ample room for a proper display of the cattle. The sale will begin at 12 noon, C.S.T., Tuesday, March 10, 1959. Knoxville is just 6 miles from Galesburg, which is on the main line of the Burlington and Santa Fe railroads. Good truck facilities available.

LUNCH—Will be available at the sale.

SALE HEADQUARTERS—Hotel Custer, Galesburg, Ill.

AUCTIONEER—J. E. Halsey, Des Moines, Iowa.

SALE MANAGER—Don Longley, 16 So. Locust St., Aurora, Ill.

TERMS—The terms of this sale are cash at time of purchase. Settlements to be made with the clerk immediately following the sale. All stock will be at buyers risk as soon as bid off, but we will assist in loading and helping buyers obtain trucking or rail transportation.

GUARANTEE—All cattle will be sold under the Standard Guarantee of The American Shorthorn Breeders' Association. All cattle will be tested for T.B. and Bangs within 30 days of the sale, with the exception of officially vaccinated cattle under the minimum age. Interstate health certificates will be provided for out of state buyers. **Since states differ on health regulations all buyers must be aware of the regulations in their own state.** Nearly all of the consignors in this sale practice calfhood vaccination.

A certificate of registration and a signed transfer will be supplied each lot sold properly transferred to the new buyer. Calfhood applications will be supplied for calves in dam.

Where footnotes appear in the catalog they were furnished by the consignor or written from information supplied by the consignor. The terms shall constitute a contract between the buyer and seller of each lot.

While every effort will be made to protect the safety and comfort of those attending, the consignors, sale manager, clerk, auctioneer, owners of the fairgrounds cannot be responsible for accidents that may occur. Every person attending must assume the risk of injury to himself. The sale manager was retained for specific tasks promotional and clerical and has nothing to do with the condition of the premises, handling of the cattle, fulfillment of guarantees, or possible errors on the health charts.

MAIL BIDS—Those wishing to buy at this sale who cannot be present may send their bids to the Sale Manager, Don Longley, The Shorthorn World, 16 So. Locust St., Aurora, Ill.; Tom Sherlock, Wallaces Farmer, Des Moines, Iowa; or to either of the auctioneers. The person exercising the bid will assist the buyer in making trucking arrangements. If circumstances make it necessary, we will make arrangements to have the cattle moved to a farm for a few days following the sale, if it is a convenience to long distance buyers.

HOW DID THIS SALE EARN ITS NAME?

It's the old story . . . which came first the chicken or the egg? Was this sale named "Sale of Satisfied Buyers" at the outset, or did the sale first EARN the name. It's an interesting story.

Back in the 1930's, my father was discussing this sale one evening at the Custer Hotel with a group of the consignors. He remarked that as a sale manager he was usually the first to hear of cattle that hadn't done well for buyers. "It's amazing," he pointed out, "we've had fewer guarantee problems with this sale than any . . . practically none at all." That evening the name "Sale of Satisfied Buyers" was born.

Those who consign to this sale . . . and many of the consignors this spring have been selling cattle here regularly since those original days . . . are extremely proud of the name "Sale of the Satisfied Buyers." They do everything in their power to consign the kind that will protect the reputation of this event.

Maybe it's because the cattle here are not overdone. There isn't a show in connection with this sale for that very reason. Maybe it's because the buyers have become accustomed here to giving a fair appraisal to a good one in its working clothes. I am inclined to feel, however, that it is mostly because those who consign are good practical cowmen, careful about quality, careful about the health of their herds, conscientious about their obligation to the breed, and who operate their farms on a practical basis under the same conditions as those who buy the cattle.

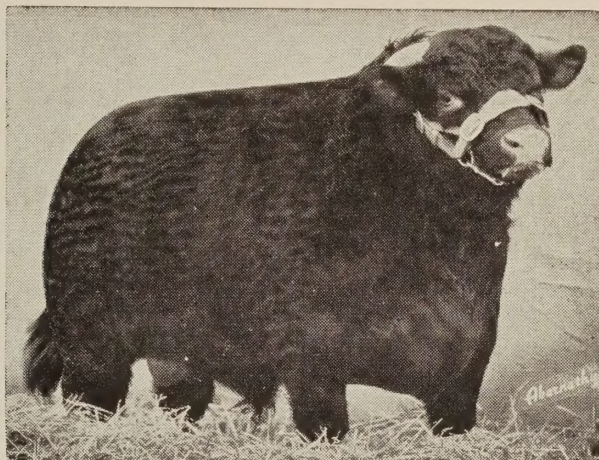

—Don Longley.

Do They Have To Be “Show Fat” To Be Good . . .

The cattle in this sale are always offered in good condition . . . the consignors are too good cattlemen to do otherwise. However, the cattle are never overdone.

If you are gifted with the ability to tell a good one in average flesh, you can make extremely advantageous buys in this sale. It is evident there will be nothing on the American farm in the years ahead that will make more money than a good herd of Shorthorns. Right now . . . while female prices are still moderate . . . is the time to fill your pastures.

Deep bodied, good headed, roomy cows . . . the kind that is making the breed increasingly popular with good cattlemen everywhere. You'll find cattle like these in abundance in the Northern Illinois and Wisconsin area from which consignments to this sale come. This scene was taken in the herd of H. L. Wernicke & Son, Lena, Illinois. They are selling two bulls and one female.

A good deal is one that benefits both buyer and seller. Buyers and sellers return to places where they have been treated fairly. Year in, year out, the prices received by consignors have been satisfactory. Cattlemen of this area have demonstrated their ability to know a good one and to pay a premium for that kind. Consequently, consignors have been willing to return each year with better cattle.

The immediate area this sale serves is one of the best Shorthorn commercial cattle areas. Select high quality registered and commercial Shorthorn herds are in this region in large numbers. This sale has helped keep it that way.

Need A Bull Right Now?

There are 31 bulls in this offering. As always the spring "Sale of Satisfied Buyers" contains one of the largest numbers of ready to use bulls offered anywhere in the Midwest this season.

Good quality bulls . . . backed by the strongest bloodlines . . . from many of the breeds best herds . . . in unpampered condition . . . in sufficient numbers for good selection. These are the reasons why for over 25 years good cattlemen have depended on this sale to solve their spring bull needs.
